💔 Break My Heart Again

Finneas

C D Bm Em

```
     C
Hey, you
             D
I'm just now leaving
      Bm                            Em
Can I come around later on this evening?
  C            D
Or do you need time?
        Bm                 Em
Yes, of course, that's fine

     C
Hey, you
     D
Good morning
                  Bm                                    Em
I'm sure you're busy now, why else would you ignore me?
  C            D
Or do you need space?
          Bm                                  Em
You can't help it if your mind has changed

   C                              D
So go ahead and break my heart again
          Bm                                    Em
Leave me wonderin' why the hell I ever let you in
    C                          D
Are you the definition of insanity?
       Bm
Or am I?
                   Em
Oh, it must be nice
             C        D                    Em
To love someone who lets you break them twice
```

```
          C
You're so blue
             D
Are you still breathing?
          Bm                                  Em
Won't you tell me if you find that deeper meaning
   C                   D
Do you think I've gone blind?
            Bm                                   Em
I know it's not the truth when you say, "I'm fine"

   C                              D
So go ahead and break my heart again
         Bm                                  Em
Leave me wonderin' why the hell I ever let you in
    C                          D
Are you the definition of insanity?
      Bm
Or am I?
                  Em
Oh, it must be nice
            C        D                    Em
To love someone who lets you break them twice

Em

         C                        D
Don't pretend that I'm the instigator
              Bm                  B             Em
You were the one, but you were born to say goodbye
           C             D
Kissed me, half a decade later
          Bm             B        Em
That same perfume, those same sad eyes

C                            D
Go ahead and break my heart again
         Bm                                  Em
Leave me wonderin' why the hell I ever let you in
    C                          D
Are you the definition of insanity?
      Bm   D
Or am I?
      Em
Or am I?
   D       C
It must be nice
            D                                Em
To love someone who lets you break them twice
```
